Specific information

Main thematic addressed:	• *Climate Adaptation* • *Environmental protection* • *Agriculture and Forest* • *Eco efficiency for Small and Medium-sized Enterprises* • *Smart economies* • *Sustainable development* • *Energy efficiency and renewable energy resources*
type of stakeholders involved (specify numbers if possible)	• *Public Administration* • *Business sector – professional/industry association* • *Business sector - Individual Consultant or companies* • *Individual Citizen*
Territorial level	• *Regional / Local*
specify territories	*Istria*

Report:

Aim of the event:

Main aim of the event was dissemination of Life SEC Adapt project and development of Climate change adaptation strategy and action plan for each municipality in Istria participating in project as a partner.

3 days event was composed of lecrtures, exhibition, workshop (for children) and special lectures by famos astronomist Korado Korlević who also discussed about climate change on this territory.

Energy days are special opportunity for networking and discussion which was also held during schechuled round table. All visitors could participate by listening about upcoming events, calls but also about Risk and vulnerability assessment which croatian partners made through Life SEC Adapt implementation.

As the energy efficiency and use of renewables was also one of important topic, all participant had an opportunity to get introduced with new materials, equipment, etc.

Specific SEC ADAPT Partners activity :

Life SEC Adapt partners presented importance of development of Climate change adaptation strategy and plan

Lesson learnt to spread with LIFE SEC ADAPT partners:

Energy days can be very good channel to spread important information with citizens and to get an feedback about their point of view. Networking events similar to this event also connect witho other institutions who have intention to develop new projects. This event had one of important role because Life SEC Adapt could have an follow up project (connection between plan, strategy and measures)
