Report:

Aim of the event:

The conference proposed a “follow-up” regarding the Paris Agreement (5th of October, 2016) particularly focused on climate adaptation and mitigation measures, and an updating on the new developments of the Covenant of Mayors for Climate & Energy.

Specific SEC ADAPT Partners activity (presentation, participation to workshop, poster etc)

SEC ADAPT Partners joined the conference as participants, without proposing any kind of activities as presentation, poster, etc.

Lesson learnt to spread with LIFE SEC ADAPT partners:

- Tools, methodologies and examples at local and regional levels on how to develop an adaptation plan (examples from the Region of Auvergne-Rhône-Alpes and from the Metropolitan City of Venice)
- adaptation approach to be integrated with the strategic urban planning (best practice from Bologna Municipality Adaptation Plan)
